

Educational Child Care

The YMCA Child Care Center would like to welcome all parents and children. The YMCA provides a variety of services for the working parents of this community. Our program consists of full day/year round care for children 6 weeks old thru 5 year olds. We also provide before & after school care for Kindergarten thru 5th grade and full day sessions when school is closed and during summers. All children must sign up for set schedule of 2 thru 5 days. Transportation is also provided for Findlay City School and Liberty Benton. After school care is provided for St. Michael's students.

YMCA Mission:

To put Christian Principles into practice through programs that build healthy spirit, mind and body for all.

YMCA CHILD DEVELOPMENT CENTER

Philosophy:

Our program is designed to enhance the lives of children and to provide a positive Environment for independent growth. All children will be provided with time for learning, planning, investigating and problem solving. Valuable time spent with peers will allow for the development of social skills. Constructive, developmentally appropriate child guidance and management techniques are used at all times. Adults will model values and carefully guide children into making positive decisions. Children's positive character development is built by thought, choice, determination and the encouragement to do their best.

YMCA Child Development Center
