

FINDLAY FAMILY YMCA

NEWS FROM THE CEO/PRESIDENT

June 2017

Once again let me thank you for being a wonderful member of the YMCA of Findlay. We can never say thank you enough for the opportunity to make a difference in your life or for this great community as we live our cause.

I am so excited for our summer youth programs from day camp to swim lessons and for our members coming inside the Y's for a workout, we just continue to our long standing track record of service to others. A highlight for the Y is once again our summer pool programs at the Riverside Aquatic Center & Park, it's our eighth summer collaborating with the City of Findlay to keep this vital summer service strong. I know that you will always enjoy activities and the recent pool improvements, see you at Riverside Pool and bring lots of friends!

To date we have raised over **\$65,000 towards our Community Annual Support Campaign** on a goal of \$110,000 with over \$400,000 in subsidized services provided each year. The Y plays a tremendous role in the community making Hancock County a better place to live with opportunities for all despite an inability to pay for membership or services completely for some families in the community. In fact this is how we earn our not for profit status being a part of community life. Please join the many individuals that contribute every year to the Community Annual Support Campaign and help a child gain confidence through our Youth Engage Program, attend summer camp or take swim lessons today, as well as feeding hungry children during the school year.

Our outstanding YMCA Child Development Center offers quality programs for Youth all year long. Please stop in for a tour! Its so remarkable to see our Y branches active every day during the summers weeks. Remember a healthy lifestyle cannot take time off so please join us on Friday the 23rd for our **4th Annual GLOW RUN & Walk 5k in** downtown Findlay. We are always here to help you become your very best.

Our Grand Opening for the new Youth Physical Activity Center (YPAC) at the Downtown Y was held on June 15th for children ages 8-13 years with the purpose of helping children remain healthy and reduce youth obesity in our county. Proceeds from the Black Swamp Classic of Golf made the equipment possible for the new center!

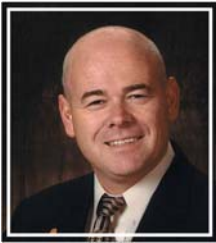

*Thank you
Chamber of Commerce for a great Grand
Opening of the YPAC!*

Finlay, CEO & President - Findlay YMCA.*

On Saturday, June 17th the YMCA Teen Engage along with supporting volunteers and YMCA staff held the annual Zach Morgan 3 v 3 Soccer Tournament with over 60 teams participating, raising funds for youth development.

Have a wonderful summer!
Brent Finlay
CEO & President
