BUILDING STRONG COMMUNITIES ...

DEEPENING IMPACT

A Message from the Chairman And Chief Executive Officer

Dear Friends,

To put Christian principles into practice through programs that build healthy spirit, mind and body for all is the hallmark of the Findlay YMCA.

It is hard to believe that another year is behind us; but then again, when we think about the many new programs and opportunities for the YMCA and the community it is hard to believe all of that was accomplished in a mere twelve months. But it was, and it could not have been without the dedication and hard work of our amazing staff in collaboration with our many community partners. We ended 2016 with a vision to be mission-focused; to tell our story and to embrace our community in what we do. When you reflect on the new programs of 2016 it tells a story of just that: the City Pool and Day Camp; the Feed a Child Program; the GLOW RUN and Jingle Bell Jog to name a few. Every single new program was created with community need in mind. Each required some level of collaboration and/or partnership with another community agency in order to be successful. And with each new program came several opportunities to tell our story. All of this was accomplished as the dozens of other programs were continued and day to day operations ran smoothly.

Thanks to strong community support, our ability to build a stronger community simply takes place. We know there remains a significant portion of our community that need to be a part of the Y but cannot. Our Annual Support Campaign allows every child and family in need to be able to participate in programs and Open Door membership. We are building deep in pact in the community and helping thousands look forward to a **better us**.

Brent Finlay
CEO/President

Michael Needler Jr.
Board Chairman

YMCA Mission: To put Christian principles into practice that build healthy spirit, mind and body for all.
